EFS Pro Envelope Sealer

Overview

Eliminate those pesky cuts while reducing the time and mess of manually sealing envelopes. Our new EFS Pro is a desktop automatic envelope flap sealer incorporating the same quality and features that have been built into Postmatic equipment for years. From a #9 envelope up to a 10x13, and with various types of flaps, the EFS Pro will provide consistent feeding and flap sealing quality. Convenient set-up, along with quick changeover from job to job.

Standard Features

• Advanced sealing technology (patent pending) • Variable Speed Control • Tool-less setup and changeover • Thicknesses up to 1/4 inch • Speeds up to 12,000 per hour • Portable, desktop unit for use in any office or department • Removable stacking tray for use in-line with addressing systems and stamp affixers • Digital counter • and more...
